🔗 Hoang Thien Portfolio

Summary

Fourth-year Software Engineering student at UEF with a solid foundation in algorithms, data structures, and web development. Active competitive programmer with multiple awards in university coding contests and participant in the Vietnam Student Informatics Olympiad. Experienced with Java, C, C#, ASP.NET 🔗 MVC, Web API, and relational databases (MS SQL Server, MySQL). Looking for a backend or web development internship where I can write clean, maintainable code and contribute to real-world projects.
